

App of the week

Myschoolbinder.com

This website is an online planner. It allows students to set up their classes and enter in homework assignments and access them at home or school since it is web based and not an app. When students sign into their account, it shows the calendar screen with upcoming homework or assignments (current and following week):

Upcoming Tests & Assignments

Sun	3	Mon	4	Tue	5	Wed	6	Thu	7	Fri	8	Sat	9
				Rough Draft Science Fair Topic									
	10		11		12		13		14		15		16

[View Calendar](#) | [Calendar Settings](#)

Students can mark assignments as completed and it will show with a line through on their calendar:

Upcoming Tests & Assignments

Sun	3	Mon	4	Tue	5	Wed	6	Thu	7	Fri	8	Sat	9
				Rough Draft Science Fair Topic									
	10		11		12		13		14		15		16

Students can also set a reminder for an assignment to alert them at a particular time (via text or email) to work on their homework.

Send an SMS text to my mobile phone ([Add your mobile number](#))

Send me an email (kristen.rhoades@k12.sd.us)

and remind me on at : :

Where do you want it displayed on Schoolbinder?

Teachers can also set up an account and have students join the class. If a teacher creates an assignment in this class, it will automatically show up in the students calendar and assignment list. The students can then mark the assignment when finished or set a reminder to remind themselves to finish it at a specific time.
